of janitor for the Didsbury Schools. Applicants must have third class fireman's certificate.  
J. M. Reed,  
Secretary Didsbury S. D.

## Western Mutual Fire Insurance Company Closes Doors

Didsbury suffered a severe loss last week when the government issued a winding up order to the Western Mutual Fire Insurance Company because of its weak financial condition which had been caused by severe losses during the last two years.

While some of the friends of this little Didsbury institution knew that the management was having a hard time trying to keep on its feet during this time of world wide financial stress not many had the idea that it would have to close up business.

The Western Mutual has never been given the credit that should have been given to it for putting Didsbury on the map all over the province by the Didsbury people. Its business covered the whole of the province and at one time it had over \$15,000,000 worth of farm insurance on its books.

Mr. Parker R. Reed, the Managing Director, formed the Western Mutual in 1914 and by his hard work and strict attention built up a business that was eventually the largest Alberta provincial mutual fire insurance company doing business in the province, but because of the severe strain that it has undergone since the financial stringency set in has had to witness the collapse of his efforts which must have caused him considerable worry during his efforts to keep the business going.

Mr. P. Dalziel of Calgary has been appointed liquidator by the government and all those interested should look up his advertisement on another page for their information.

## AROUND THE TOWN

Dr. A. J. Weart of Three Hills was a visitor in town last week.

Mr. John P. Burns left last week for a two months holiday trip to Vancouver and Victoria.

Mr. Harold Reiber who has been home for some time as the result of an injury to his eye while playing hockey, has returned to Three Hills.

Children under 14 years 25c

Children over 14 years 50c.

## Announcement

### School on Gas Engineering

I have arranged with Mr. Hardman, of Calgary, who is a practical Gas Engineer with an extensive experience to hold a series of classes at my store during the two weeks from

**Mon., Jan. 30th to Sat., Feb. 11th.**

The principles of the gas engine, the most common troubles and how to detect and remedy them, will be thoroughly demonstrated at this school, and anyone attending will receive an intelligent understanding of how to operate and care for their gas engine.

A nominal fee will be charged to cover the expenses of the school. Classes will be arranged according to the number enrolled.

For full particulars see or phone

**G. A. WRIGGLESWORTH, Phone 41**  
Didsbury

# Federal Government Will Provide Relief For Unemployed

OTTAWA.—Measures for the relief of unemployment and distress through out Canada, the necessary funds to be provided by government generally war grants, have been approved by the Federal Government.

The regulations cover the period to the end of the current fiscal year, March 31, and provide federal assistance to municipalities undertaking civic works during the winter months; to municipalities on account of the unemployment where work cannot be provided; and for the relief of distress in unincorporated districts.

A special feature of the regulations is that in the case of unemployment of former members of the Canadian or British forces now in Canada and who were discharged physically fit, the government will reimburse municipal authorities to the extent of one-half the disbursements made for an employment relief, the provincial and municipal authorities to have the remaining half.

In the case of public works undertaken by municipalities with a view to the relief of unemployment, the regulations provide that the municipality must bear the normal cost plus one-sixth of the extra cost. The government will pay one-half the extra cost and the province one-third. The federal grant is conditional on the province assuming one-third of such expenditure and the estimate of normal cost must be approved by the federal department of public works.

Where work cannot be provided, conditional upon the participation of the province concerned, the Federal Government will refund to a municipality one-third of the disbursements made on account of unemployment relief. Soldiers coming under the special provisions are not to be dealt with in this particular regulation.

In provinces where there are unorganized districts, the municipal government in which the unemployment or distress exists and the provincial government and it necessary to administer a system of unemployment or distress relief, the Federal Government will reimburse the provincial government to the extent of one-half of such disbursements.

**Drunkennes in Scotland**  
London.—Official Scottish judicial statistics show an increase of 10 per cent. in persons before the criminal courts during the last year. Convictions for drunkenness number 76,000, this total being an increase of 20,000 over the previous year, but five thousand fewer than the figures for 1915 and 20000 more than in 1913. The number of juvenile offenders decreased.

## HEART MUST BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.  
You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.  
We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

**MILBURN'S**  
**HEART AND NERVE PILLS**

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."  
A friend suggested Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 65th year I feel like a young girl; no dizziness or heart trouble, and can walk miles without fatigue. At one time I weighed 120 lbs. now I weigh 150.  
Price \$5 a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

W. N. U. 1465

## Russia May Side With Germany

Paris.—The French Government, because of information received from Berlin, is much preoccupied by what it considers the possibility of an agreement between the German and Russian Soviet Government with a view to forcing consideration of a revision of the peace treaties at the coming Genoa conference. It was indicated at the foreign office here that Earl Redek, of the Soviet diplomatic force, was in Berlin, together with several other Soviet representatives engaged in conference with representatives of the German Government.

## SUSPEND WORK ON DRYDOCK

CONSTRUCTION COMPANY AT VANCOUVER STATE NO REASON GIVEN

Vancouver, B.C.—A statement that a formal request had been received from the government to suspend work on the floating drydock here, the Wallace Construction Company stated that no reason was given, but that it was understood the new administration wished to review the form of contract.

The dock was being constructed under the drydock subsidies act. The subsidy was for four and a half per cent. on the cost of the projects, \$2,500,000 for 35 years. The work has not progressed very far beyond the preliminary stages.

According to reports reaching Victoria there will be no cancellation or suspension of work on the Esquimalt drydock pending the taking of office by the minister of public works. Already \$1,500,000 has been expended on the drydock and 200 men are employed.

## B.C. Entitled to More Members

Increase in Population Gives Province Two Extra Representatives

OTTAWA.—The increase of 120,850 in British Columbia's population as shown in census returns will also mean increased representation from that province in the House of Commons following the next redistribution. At present British Columbia sends 12 members to the House. Its population of 523,262 will entitle it to 15 members, an increase of two over the present representation.

Calgary Wants New Post Office

OTTAWA.—The need of a new post office building in Calgary, Alta., was urged upon the minister of public works, Hon. Hewitt Boston, by R. C. Marshall, Liberal member of the Alberta legislative assembly for Calgary, who was one of a delegation appointed by the mayor of that city to confer with the Federal authorities asking that this work be proceeded with. Consideration of the request was promised by the minister.

Suggests Reducing Armies

Washington.—The Allied nations by reducing the twenty six Versailles and reducing their armies, even to a reasonable extent, not only could meet the interest payments of their debts to the United States but pay part of the principal as well, Senator Borah, Republican, Idaho, declared in the Senate. He was discussing the Allied debt refunding bill.

Rifles For Russia

Stockholm.—Swedish newspapers assert that a plot has been revealed to ship into Russia 200,000 army rifles alleged to have been sold to the Soviet authorities through Swedish intermediaries. The rifles are said to have come originally from Germany, but are believed to have been held in storage in Denmark for some time.

## WESTERN EDITORS

A. Ford, Publisher of the Observer-Examiner, Sask.

## Livestock Convention

Successful Meet of Stockman Is Held in Regina

Regina, Sask.—With several hundred delegates of the various livestock associations in attendance, the Saskatchewan livestock convention held here last week was an unqualified success. There were sessions of the wool growers, sheep breeders and cattle breeders associations. The reports of the officers of these various organizations show a considerable improvement in the livestock industry of the province and hold out brighter prospects for the coming year.

One of the most interesting features of the session was the boys' and girls' judging contests. About 60 boys and girls from the rural parts of the province assembled in the city to take part in these contests, which were under the direction of H. Scullie, boys' and girls' organizer for Saskatchewan. Professor A. M. Shaw, of the University of Saskatchewan, was in charge of the judging.

## Unionists Say Anarchy Increasing

Situation Alarming When Crown Forces Leave Ireland

Dublin.—The executive committee of the Irish Unionist Alliance has adopted a resolution, in which it declared: "Viewing with alarm the increasing anarchy prevailing in Ireland, we are gravely apprehensive that, when the crown forces have been withdrawn there will be no reliable protection for life and property."

No Unemployment in France

Montreal.—Zephyrus Hebert, ex-president of the local board of trade, addressing the Wholesale Merchandise Brokers' Association here, asserted that there was practically no unemployment in France, a country from which he had just returned. Every one there was working and as a result there was a gradual rehabilitation of the country, despite a burden of taxation that made the Canadian in come tax look tiny.

Give your local merchants a chance Day at home.

## Teacher Says She Found Them Good

Miss Therault Praises Dodd's Kidney Pills

Popular New Brunswick Lady Furnishes Some of the Reasons Why Dodd's Kidney Pills are Suffering Women's Best Friend.

I prefer Dolomieu's, N.B.—(Special)—"I can conscientiously recommend Dodd's Kidney Pills to all persons afflicted with any form of kidney trouble."  
So says Miss Alice Therault, the popular school teacher here. And Miss Therault adds that she knows of her own experience that Dodd's Kidney Pills are the best. "I have experienced great benefit from this medicine since I have been troubled with kidney trouble. I always got good results from using them."

Dodd's Kidney Pills are known from one end of Canada to the other as suffering women's best friend. They are purely and simply a kidney remedy. They get the kidneys to do their full work of straining all the impurities out of the blood. Sound kidneys mean good health. Ask your neighbors if Dodd's Kidney Pills do not make sound kidneys.

# U. S. Wheat Growers Have Plans To Revive Wheat Pool

## Fight Clause in Liquor Act

Montreal.—The clause in the Quebec Liquor Act that holds that a man is responsible for the misdemeanors of his wife if she illegally sells liquor, is being attacked by Saluste Lavoye, K.C., acting on behalf of James Ingram, a sailor, who is at present serving a month in jail because his wife sold liquor while he was on the high seas. Ingram took out habeas corpus proceedings against the sentence, but these were quashed by Mr. Justice Bruneau in the Superior Court. The case has now been taken to appeal and the Attorney-General has been called in to defend the clause in question.

## CONVICTS ATTACK AUSTRALIAN LINER

STEAMER CARRIED GOLD COIN, SIGNED TO SAN FRANCISCO BANKS

San Francisco.—A gun fight with naval convicts at Panto Panto, Samoa, was one of the incidents of the voyage of the S.S. Sonoma, which arrived here from Sydney, N.S.W., with \$2,000,000 in Australian gold aboard.

Fearing an attack on the ship's specie tanks, the Sonoma's officers opened fire on the naval convicts who attacked the Sonoma's crew when she was in port at Panto Panto. The casualties are not known to the officers who told the story here.

On a previous voyage \$128,000 worth of Australian gold was returned from the Sonoma's specie tanks and later found submerged from the ship's side under water. The gold is consigned by the Australian Commonwealth to San Francisco banks.

## To Combat Grasshopper Plague

Manitoba Legislature Will Be Asked For \$50,000

Winnipeg.—For the purpose of combating the grasshopper plague throughout the province during the coming season the Manitoba Legislature will be asked to pass a vote of \$50,000. J. H. Evans, deputy minister of agriculture, has announced.

During last summer, when an identical amount was set aside for this work, the measure had been controlled with the damage almost negligible. Mr. Evans stated. With the advent of spring, however, there is little doubt but that grasshoppers will appear in old affected areas as well as in new districts.

The Prince At Mysore

London.—The Prince of Wales everywhere in the state of Mysore, Southern India, has received an enthusiastic welcome, even from the Mohammedans, according to information reaching the India office.

The result of the visit of the Prince is declared to have been particularly gratifying after the non-cooperators' activities of last autumn and the Khalifat activities in Baghdad during the past two years.

Winnipeg Woman President

Winnipeg.—At the annual meeting of the Canadian National Institute for the Blind, western division, held here, Mrs. M. Sanford Evans, of Winnipeg, was chosen president for the coming year.

Probate Sir Arthur's Will

London.—The will of the late Sir Arthur Pearson, founder of the St. Dunstons Institution for the Blind, has been probated. The estate is valued at £214,000 and is left entirely to the family.

To Discharge 3,000 From Deckyard

London.—Nearly three thousand men are slated for discharge from Rosyth Royal Dockyard during the next three months. This will result in a saving of one hundred thousand pounds annually.

Washington.—A strong movement for revival of the United States grain corporation to pool the wheat of the country and purchase it as in the war period, is on among United States wheat growers. Not only is sentiment for this reflected in the annual conference at present in session, but petitions for legislation are circulating from wheat States.

The demand is that the government buy the wheat crop at a price which will cover cost of production plus reasonable profit. It is probable the plan will be blocked in Congress, though it has powerful support.

Recommendation against any proposition looking toward price fixing on agricultural products was voted by a subcommittee of the committee on marketing of farm products in the agricultural conference. This decision, it was said, was reached only after a strong fight by advocates of the price fixing proposition.

Proposals looking to the development of United States agriculture as a self-sustaining industry were considered by the National Agricultural Conference while the committee continued to work on suggested measures to relieve the present acute situation and provide for general rehabilitation.

Reduction of wages paid railroad labor and of freight rates was recommended by a subcommittee on costs, prices and readjustment. The committee declared that prices paid railroad labor and that of other industries was much greater than returns received by agricultural labor and that a readjustment was necessary.

## Frenchman Invents New Gun

Engineer Claims It Has No Recoil When Fired

Brussels.—Le Solr says that experiments will begin at Liege, Feb. 6, with a new gun which, if it fulfills expectations will have no recoil bearing on ordinance. The invention is that of a French engineer, Delamare Maie, who will direct the tests. There is no recoil when the gun is fired, consequently it is expected to eliminate the banks and recoil of the gun. It will have the same power as other guns its size, with only one-third of their weight.

More Employment in Britain

London.—A quarter of a million fewer people were registered in Great Britain on January 17, as wholly unemployed, than were registered six months ago. The present total is nearly 2,000,000. The number of men employed on government and municipal works and emergency work total 124,000.

## SPARKLING EYES Follow Good Health

London.—Dr. Pierce's Favorite Prescription and it has proved a beneficial tonic. After having trialed I was a physical wreck. I tried many different medicines, but the only one that gave me any relief was Dr. Pierce's Favorite Prescription. Before I had taken a half bottle I was feeling like a different person—and now I look like a different person. What "Favorite Prescription" did for me I am sure it will do for other women at this critical period of life if they will give it a fair trial. Mrs. M. M. Taylor, 663 Hill St.

IF YOU'RE A YOUNG WOMAN OR EVEN IN MIDDLE LIFE

Here is Some Good Advice for You From a Prominent Woman

London, Ont.—"When I reached middle age I was in very poor health, was nervous, nervous, would have fainting spells and heat flashes. I was a physical wreck. I tried many different medicines, but the only medicine that gave me any relief was Dr. Pierce's Favorite Prescription. Before I had taken a half bottle I was feeling like a different person—and now I look like a different person. What "Favorite Prescription" did for me I am sure it will do for other women at this critical period of life if they will give it a fair trial. Mrs. M. M. Taylor, 663 Hill St.

WEDNESDAY FEBRUARY 8th

## AROUND THE TOWN

Continued from page 1  
Mrs. Ezra Berscht and her sister Rosy left for Calgary on Sunday after being home with their mother, Mrs. C. Mack during her sickness.

A sleighing party gotten up by members of the Evangelical Sunday school and church was held on Monday night. There were three loads and a most jolly time was enjoyed.

Tuxis and Trail Ranger boys will have charge of the service in the Evangelical church on Sunday at 3 p. m., February 12th. Talks by the boys, and special music. Don't miss this service.

A Bible study of deep interest is in progress every Thursday evening at the Nazarene church. The subject being "Prophecy". Bring your note book, pencil and bible. The Sunday morning sermon also deals with this theme.

Mr. A. G. Moore, the dairy promoter will speak at a meeting in the interests of the dairy industry, at the Westcott schoolhouse on Thursday evening, February 9th at 8 p. m. and in the Didsbury Opera House on Friday 10th at 3 p. m.

Mr. A. C. Fisher who was formerly connected with the Western Mutual Fire Insurance Company has bought Mr. P. R. Reed's business. Mr. Fisher is an energetic and reliable insurance man and will probably do well in this business. He is at present located in the Western Mutual office.

Two rinks from the Didsbury Curling Club went to Red Deer on Monday where they were entered in the competition for the Mitchell Cup. They were defeated but came up smiling and have a challenge in which will be played off in Innisfail in about a week. Innisfail being the winners of the Cup.

On Wednesday evening, February 1st, the Ladies Aid of the Evangelical church and their husbands held a very enjoyable meeting at the home of Mr. and Mrs. E. G. Reitzel, about sixty being present. After the business part of the program, musical numbers were given which consisted of a Junior orchestra, Ladies quartet, solos and duets. The readings and address were much enjoyed after which lunch was served and a social time enjoyed by all.

### In The Supreme Court of Alberta

Judicial District of Calgary

IN THE MATTER OF "The Wind-  
ing Up Act," and IN THE MAT-  
TER OF WESTERN MUTUAL  
FIRE INSURANCE COMPANY  
NOTICE OF APPOINT-  
MENT OF PERMANENT  
LIQUIDATOR

Noticed Notice to Creditors, Con-  
tributors, Policy Holders, Members  
and others interested

Pursuant to the Winding up  
Order in the matter of the above  
company dated 1st day of February,  
A. D. 1922, the undersigned will in  
his Chambers at the Court House,  
Calgary, Alberta, on Tuesday, the  
28th day of February, A. D. 1922,  
at 11 o'clock in the forenoon appoint  
PETER DAZIEL of Calgary, Alberta,  
Chartered Accountant, or  
such other person or corporation as  
the master may direct, as permanent  
Liquidator of the above company,  
and let all parties then attend.

Dated at Calgary, this 14th day  
of February, A. D. 1922.  
L. F. Clarry, M. C.  
Freeman & Austin,  
Solicitors for Provisional Liquidator  
Didsbury, Alberta.

#### Age Nothing

"How are you today, Sandy?"  
asked the landlord of his Scotch  
tenant.

"Yurra weel, sir," replied  
Sandy, "if it wasna for the  
rheumatism in the right leg."

"Ah, you must not complain,  
Sandy. You are getting old like  
the rest of us, and old age does  
not come alone."

"Auld age, sir," exclaimed  
Sandy. "Auld age has nothin'  
to do with it. Here's my ither  
leg just as auld, an' it's soon."

### PRESBYTERIANS HOLD AN- NUAL MEETING

Knox Presbyterian church  
held their anniversary services  
on Sunday last which were well  
attended. Rev. Capt. McColl  
of Carstairs preached in Dids-  
bury at the morning and eve-  
ning services and also at West-  
cott in the afternoon. His dis-  
courses were much appreciated  
by his large audiences and the  
choir, under the leadership of  
Mr. Boorman, rendered special  
music which was also much en-  
joyed.

The congregation held their  
annual business meeting on  
Monday night in the basement  
of the school. There was a  
fairly large attendance and the  
reports of the different activi-  
ties of the church were satis-

factory, the Ladies Aid report  
showing exceedingly good work  
on their part during the year.  
As Mr. W. Farrington the or-  
ganist is leaving Didsbury, Rev.  
Mr. McGregor on behalf of the  
congregation presented him  
with a purse and wished him  
success.

It was decided that a morning  
service should be inaugurated to  
commence in the near future.

After the business of the eve-  
ning had been concluded the  
ladies provided a light lunch  
during which a short program  
was given. The congregation  
then dispersed after singing the  
national anthem.

King Hiram Lodge No. 21, A.F. & A.M.  
Meets every Tuesday evening on or  
before full moon. All visiting brethren  
welcome.

### World Happenings Briefly Told

A new scale of law charges in Great Britain has increased the cost of litigation fifty per cent.

Plans for an air service between London and Cork, that would shorten the journey to the American continent by at least a day, are being prepared.

Captain Joseph Howe, 65, grandson of the late Hon. Joseph Howe, Nova Scotia statesman, is dead at Port Maitland.

Private cable advices received from Japanese centres intimate that the Yokohama silk bourse has again suspended trading as a result of recent wide fluctuations in prices.

The steamer Aquarius, the first of the Russian relief vessels to leave Philadelphia, has sailed for a Russian port with a full cargo of grain and other food.

The effort to collect a million dollars to create a Woodrow Wilson Foundation, which shall be a permanent memorial to America's war president, has been launched throughout the United States.

It is understood that Hon. W. S. Fielding has been able to examine the general state of the national finances and while there is nothing to justify alarm, his report has impressed upon his colleagues the need for a ruthless policy of economy.

Two prospectors, known as Slim Nelson and Shorty Howen, were burned to death in their bunk in a cabin at Hyder, Alaska, according to news brought to Prince Rupert from Stewart, B.C. The cabin was destroyed by fire before people realized that anyone occupied it.

### A Real Optimist

A Capetown correspondent says that barring a general strike in the mines and a deficit of from ten to twenty million dollars in the national treasury the outlook is better than was. There is nothing like being able to ignore embarrassing details and see things as one would like them to be.

### Corns Between the Toes Painlessly Removed

A real, sure, dependable remedy that has been lifting out corns for the past fifty years will surely lift yours out. Putnam's Corn Extractor is the old reliable corn remedy—it stands the test of time and never fails, 25c everywhere.

Over 200,000,000 Bibles, translated into 225 different languages, have been distributed by the British and Foreign Bible Society.

### Relief from Asthma.

Persons suffering from that extremely trying trouble known as asthma know that it is so long with all their hearts for escape as from a tyrant. Never do they know when an attack may come and they know that to struggle unaided is vain. With Dr. J. D. Kellogg's Asthma Remedy at hand, however, they can find relief from their enemy and enjoy life again. It helps at once.

Men glance at the past—especially if she who passed is pretty.

### For Frost Bites and Chilblains.

Chilblains come from undue exposure to slush and cold and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Electric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Some men uphold a good thing, and some others attempt to hold it up.

### Royalties On Fur Pelts

Wolves Cause Decline of Moose in Manitoba

Royalties collected on fur pelts by the Manitoba Government totalled \$49,312 last year, the annual report of the game branch department of agriculture shows.

Total revenue collected during the year was \$74,549, which included 10,665 resident game bird permits at \$1 each and 2,816 resident big game permits at \$1 each. The report states that moose is the only game animal decreasing in the province, mainly due to the ravages of timber and prairie wolves.

Slain is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a wormy infant.

A pine tree in New Zealand is estimated by scientists to be 1,200 years old.

### "COLD IN THE HEAD"

It is an acute attack of Nasal Catarrh, the best relief for the nose. DIAL'S CATARRH MEDICINE will build up the system and render the nose liable to cold. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. DIAL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous membrane of the system, thus reducing the inflammation, and restoring Nature in restoring normal conditions.

Dr. J. C. Cheney & Co., Toledo, Ohio.

Be fair to your local merchants. Ask to see his goods and compare prices before sending your money to the mail order houses. You will find that it pays.

### Evening Gown of White Satin and Black Lace

By Marie Belmont

The eternal appeal of black and white still finds new modes of expression, of which a charming example is the evening frock sketched above.

Heavy white satin forms the simple gown, with black necktie and skirt draped slightly up in the back. Black lace drops in soft panels at the sides and covers one arm. A grille of crystal beads defines the waistline.

A narrow band of crystal beads gives a classic touch to the simply arranged collar.

### USE SLOAN'S TO WARD OFF PAIN

**L**ITTLE when grow into big pains unless warred off by the application of Sloan's Liniment. For more than forty years Sloan's Liniment has helped thousands, the world over. You won't be an exception. It certainly does produce results. It prescribes without rubbing. Keep the old family friend always handy for instant use. Ask your neighbor.

At all drug stores—35c, 70c, \$1.00.

**Sloan's Liniment**

Progress of Science

With flawless powder and sometimes guns, the victims of the new war won't know they're dead until enemy body tells them.—Galt Reporter.

Wise mothers who know the virtues of Mother Graves' Worm Expeller always have it at hand, because it proves its value.

Little more than 13 cubic feet of wood go to make up 100 pounds of paper.

Minard's Liniment for Distemper

London aquarium has two fish from the Amazon which are valued at \$100.

### WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels, and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### BEAUTY OF THE SKIN

Is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, freckles, redness, itching, irritation and eczema disappear, and the skin is soft, smooth and velvety. All dealers, or Richardson, Jones & Co., Limited, Toronto, Canada, will mention this point.

### Dr. Chase's Ointment

### "My Canada"

Entertaining Story Gives Glimpses of Life in Western Canada

Although not a new book, there has recently come to the attention of the writer, a very pleasing story by Elton or Mervyn Elliot. "My Canada" is the title, and it is written in the form of a diary, each chapter dealing with the experiences of a young lady who comes to Western Canada from England. As revealed in the diary, Miss Elliot left her home in England with the two-fold purpose of escaping from an undesirable matrimonial alliance and with the intention of realizing an ambition to engage in poultry farming.

At the outset, there is a misconception that Elton Mervyn Elliot is in reality merely the pen name of a very clever writer who must have spent the most of her life in the prairie provinces, the characteristics of which she knows so well. After a glimpse of urban and rural life in Manitoba, heightened by considerable local color, the reader follows the fortunes of Elton to Southern Alberta. Unquestionably the authoress gleaned her knowledge of ranch life from actual association so truthfully does she draw the picture. The history of this period in the life of the lovable English girl is revealed in a simple yet fascinating manner, whimsically humorous, which holds the interest without lapse. In the foreword, Miss Elliot expresses the hope that the story may contribute to a better understanding between Canada and the Motherland. That this worthy motive permeates the pages of the book is quite evident, and whether the Western Empire is the native adopted country of the reader, certain it is that one's pride and love of Canada will be strengthened by reading this wholesome and captivating story.

### To win a race a Jockey doesn't put extra weight on the horse that helps him succeed

No man or woman who wants to succeed in the race of life can afford the handicap of headaches, insomnia, indigestion and debility. Nor can they afford to take anything that may keep up a continual irritation of the nervous system.

Yet this is what many people do who drink excessive amounts of tea or coffee. For tea and coffee contain caffeine, a substance that is sometimes very injurious. Many doctors say that caffeine raises the blood pressure, irritates the kidneys, and over-stimulates the entire nervous system. Also that it is especially bad for growing children, or for anyone who has any tendency to nervousness or insomnia.

If you want to avoid a possible cause of headache, insomnia, or nervousness, it might be well to stop taking tea and coffee for awhile, and drink rich, satisfying Postum, instead.

Postum is a delicately-roasted, pure cereal beverage—delicious and wholesome.

Order Postum from your grocer today. Drink this fragrant, healthful beverage for awhile, and see if you will not feel brighter, more active, and more resistant to fatigue—as so many thousands of others have felt.

Postum comes in two forms: Instant Postum (in one made instantly in the cup by the addition of boiling water, Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited, Windsor, Ontario

### RED CROSS CONVENTION

Attended by many delegates from all over the province the Annual Convention of the Alberta Division, Canadian Red Cross Society, met in Calgary on January 31st and February 1st. Open sessions of the Convention were held on the afternoon and evening of January 31st and a general business session followed on the morning of February 1st. One of the chief topics of discussion was the clothing relief work which the Society is carrying on in the many districts of the province where this help is urgently needed.

The officers of the society told of the scope of this work and that the applications for relief continued to pour into their head office in Calgary. They explained that they had taken over the relief at the request of the Government. Premier Greenfield sponsored their call for donations to the fund to enable them to continue their task.

Donations to this fund should be sent to the nearest Red Cross unit, or the Provincial Headquarters, O'Sullivan Block Calgary. The Society acknowledges the following.
